A GROWING NEWSPAPER IN A GROWING COMMUNITY

Vol. 52. Number 8. CAMPBELL, SANTA CLARA COUNTY, CALIFORNIA Friday, January 10, 1947

'round town

with Betty Allen...

Several of the opponents against incorporation are now admitting that Campbell needs many improvements such as police protection, cleaner streets, more lights, etc. They say "Let's not incorparte but let's get together and work these things out for ourselves." It would seem to me that there are two disadvantages to this suggestion. First, the number of people taking part in such community endeavors the past year has been definitely limited. What will change them overnight? Secondly, these improvements which they admit are badly needed, are bound to cost money. Why should a few who are supposedly going "to get together" bear the burden of these expenses instead of the whole town sharing it in a democratic and proven way?

Mary Lynne Thompson reports that her family has befriended a homeless pigeon with a most beguiling personality. He has a voracious appetite and if food is not forthcoming early enough to suit him he walks up and down the window sills pecking loudly to attract attention.

Always before, by this time of year, plans for the annual Old Settlers' Day are well under way. This year, since the term of office for the Chamber of Commerce officers has expired, and no new ones elected, no plans have been made. Suggestions are being made on every side however. Some residents think the Kiwanis Club should take it over or some other suitable organization.

* * *

Last year there was considerable discussion as to which celebration it was—the 53rd or 52nd. Just for the record, how about some of the old timers straightening it out? Letters will be welcomed on the subject.

* * *

No matter how many have gone before, it would be extremely sad to discontinue such a well-grounded tradition. For more than half a century tribute to the settlers of the community has been paid in an appropriate manner on Washington's birthday. We still have many residents for whom the early days of Campbell are vivid recollections. Every community should have a day on which the old and new may join to demonstrate their pride in their community to the rest of the world. Let's not let 'our day" die for lack of a few willing workers.

"Sidewalk engineers" had a busy day Friday when a cement truck sank into an abandoned and covered-up cess pool in the rear of the Blue Bell Cafe.

Frank Coombs, who has a lot of courage and stamina, is now stocking his Cambrian Hardware Store, completely rebuilt for the second time after two disastrous fires. He expects to be in full operation soon.

Listeners to "Queen for a Day" radio program on Tuesday morning had a thrill when they heard the name Campbell pop up. Mrs. Homer Hyde, soon to be a Campbell resident, was a candidate for queen on the program and Campbell was brought in when she was asked her husband's occupation. He is now taking over Jack Murdocks' duties at the Campbell Water Co. Mrs. Hyde will join him soon.

The Rutherford Funeral Home sign was badly damaged New Year's eve by vandals and is now in San Jose being repaired.

According to the Sacramento Bee, Campbell Union High School is the only school in the United States operating under the Smith-Hughes Act which has both a Smith and a Hughes on the faculty. Albert Smith, agricultural instructor, and M. F. Hughes, shop instructor, make this coincidence possible.

March Of Dimes Chairman Appointed

Jack Murdock, of Budd Avenue, has again been appointed chairman of the Campbell 1947 March of Dimes campaign, it was announced recently by Russell E. Pettit, Santa Clara County Chapter's Secretary.

The March of Dimes annual fund raising drive of the National Foundation for Infantile Paralysis which finnaces and directs the never-ceasing battle against polio will be held Jan. 15 to 30—commemoration of the birthday of Franklin D. Roosevelt.

"Over seven thousand dollars was expended in Santa Clara County during the past year in aiding 27 individual cictims of polio in the county," stated Mr. Pettit.

"Among the services rendered included financial aid for hospitalization, psysiotherapy, nursing care, surgery, artificial legs, rental of hospital walkers, and case work."

The past year has seen the greatest epidemic in the history of the National Foundation. This epidemic has been nation-wide and has caused the Chapters as well as the National headquarters to expend some $12,000,000, exhausting the entire Epidemic Aid Fund of the National Headquarters.

"The people of Campbell in common with Americans everywhere have been most generous in the past in supporting the fight against infantile paralysis," said Mr. Pettit. "They realize that the March of Dimes is their best insurance against polio—and the battle will go on in the laboratory until final victory is won."

For their December meeting the members of the local Grange enjoyed the Footlighters' Christmas play directed by Mrs. Archie Keesling.

New Lumber Yard Opens

Ray Gilpatrick and Gus Standish announce that their new lumber yard located at Winchester Road and Casey Road is now "officially" open. Known as the Winchester Lumber Co., the yard will handle both rough and finished building materials.

Gilpatrick and Standish are well known in Campbell for both their business abilities and contributions to the civic life of the community. They operate a contracting business, known as Gilpatrick and Standish, and also the Supreme Floor Co.

Manager of the new yard will be Bill Weeks, a well-known Campbell man and prominent Legionaire, who was formerly in the insurance business.

Chief Deputy Appointed In County

Frank R. Lovoi, 358 Parr Ave., is the new Chief Deputy Coroner appointed by Coroner-elect Tom Kilmartin who took office Jan. 6.

Lovoi, who was born in San Jose, attended schools there and in 1942 graduated from San Jose State College with an education major.

From college he went directly into the Army Air Forces in which he served as an instructor of bombardiers at the Victorville Air Base until he was released after the close of the war.

Since his discharge he has been employed by the State of California as a State Inspector of Shipping Points in Northern California.

His new duties as Chief Deputy Coroner began Monday.

EDITORIAL

INCORPORATION AS AN INVESTMENT

Some Campbell people seem to think that incorporation would be too costly. We wonder if they have thought of their tax dollar as an investment. That investment is certainly not bringing returns now—not with the present outmoded form of County government we now have and the involved and cumbersome method of securing any improvements or changes in Campbell. Some of the money spent in taxes—namely gasoline and liquor—and not bringing one cent in return in any form for Campbell residents. Under incorporation there would be a return on that investment.

Let us look at what a tax dollar under incorporation could bring residents—for the businessman there would be fairer competition through the taxing of outside firms now engaged in doing business here—for the working man there would be chance of year-round employment near his home through the use of industrial zoning which would enable light industries to utilize the railroad—for the housewife there would be the assurance that she was bringing up her children with the maximum of safeguards—and for the children there would be a growing pride and contentment in the scene of their development.

In addition to this everyone would have police protection, proper health protection, lower fire rates and a voice in the growth and planning of HIS town.

When we look about us and see all the other cities that have incorporated and have achieved so many of the things we lack, it is hard to believe that incorporation could be a poor investment.

Straws in the Wind

L. Rathbun, printer: "I am definitely in favor of incorporation. Campbell **Must** incorporate if we are to have law and order and make the most of our growing community."

Mrs. Alfred Conley, business woman: "I believe the tax payer (and I am one, too) would receive full value for his tax dollar under incorporation. He is certainly not receiving full value now. Incorporation and its advantages would be of great benefit to Campbell residents."

Harry Evans, night watchman: "I'm 100 per cent for incorporation. Just let those who are against it go around with me on my rounds one night and they'd certainly change their minds in a hurry!"

Miss Rachel Spradling, dress-shop owner: "Campbell's fine schools, churches and homes deserve an orderly civic environment which cannot be achieved without incorporation. We now have numerous places of business in Campbell which serve or sell liquor but they have no regular police supervision. Drunks are free to roam the streets. So are youngsters who ride bicycles down the sidewalks of the shopping district as well as reckless drivers. Though I do not own property here 1 should think those who do would want the protectio nof incorporation enough to make some private sacrifice for public security. While incorporation will not solve all our problems I believe it is necessary to the correction of many undesirable conditions, as well as to a progressive and orderly development.

Eagle Scouts Greet '47 On Loma Prieta

By Dudley Herschbach
Scout Reporter

On New Year's Day, 1947, 16 Eagle Scouts of the Santa Clara County Council stood atop Loma Preita and rededicated themselves to the great principles for which Scouting stands as expressed in the Scout Oath and Law. That was the dramatic ending of a traditional Eagle Scout event, dropped during the war years and now revived, the annual Eagle Scout pilgrimage to Loma Preita.

Object of the pilgrimage is to "gain a new outlook on a new year of Scouting". Bringing the "new outlook" was Rev. Paul Goodwin, pastor of the First Presbyterian Church of San Jose. Rev. Goodwin's address emphasized that whether the 1947 year will be a lucky one or not for Scouting depends on work, not "good breaks."

C. D. Bartlett, Scout executive, spoke on the possibility of organizing a Knights of Dunamis chapter to sponsor the pilgrimages and other Eagle Scout activities. The Knights of Dunamis is an honorary organization for Eagle Scuots and is devoted to service and fellowship.

The Eagles treked the last mile to the top and enjoyed refreshments of chocolate and doughnuts before beginning the inspirational services.

Campbell was well represented by three Eagles: Larry Cooper, Dudley Herschbach and Albert Smith.

Portola Cleaners Changes Hands

The Portola Cleaning business, located at 44 W. Campbell Ave., has been sold to Henry A. Sanfilippo by the former owner, J. Subdon. Sanfilippo took over his duties as manager and operator on Tuesday.

The new owner is no stranger to Campbell for his family operated the Campbell Peoples' Market for 15 years at the present location of the Portola Cleaners. He attended both Campbell Grammar School and Campbell Union High School.

Before entering the Army in which he sered for three years, he was employed for two years in the Campbell Post Office.

Sanfilippo says that in addition to the present services of cleaning, pressing and dyeing, he intends to install a tailoring service and a laundry service. He also plans on a pick-up and delivery service.

Of the five teen-age boys who confessed robbing several Campbell business houses, three have been released on probation. Since only an electric shaver was recovered from the loot taken from the Campbell Hardware Co., the boys will be forced to make restitution for the other missing items.

One of the boys has been taken to an institution for observation and the fifth has been released to relatives in another city in order to remove him from what officers term as a "very bad home environment."

Funeral rites were conducted yesterday at the Rutherford Funeral Home for Edward H. Beal, who died Tuesday night at his Rincon Ave. home. Interment was at Oak Hill Memorial Park.

Mr. Beal, who was 80 years of age at the time of his death, was a native of California and had been a Campbell rancher for the past 13 years.

FIREMEN MEET

Members of the Campbell Volunteer Fire Department met for their monthly meeting Monday evening at the Fire House. Chief Jack Scott demonstrated various types of fire extinguishers and their uses and announced that there will be a meeting tonight at the Los Gatos Fire House of the Santa Clara County Fire Department to discuss the County-wide Fire District plan.

Chief Scott also urged the men to remember to vote at the special incorporation election Jan. 23.

The next fire drill was set for Jan. 19 at 9:30 a. m.

Incorporation Will Be Beneficial

Joseph Gomes, candidate for City Council in the event of incorporation, thinks that, in addition to the obvious benefits of incorporation, the unification of the various districts such as the Lighting District, Fire District and other services rendered Campbell would be one of the main advantages.

Gomes says, "I personally favor incorporation for Campbell and think it would be the best move for the town to make. Everyone must make up his own mind on the matter after considering it carefully. If the voters decide to incorporate and I am elected, I will do my utmost to serve the city of Campbell efficiently."

A native of Santa Clara County, Gomes has claimed Campbell as his residence since 1902. He attended Stanford University and graduated from the Stanford School of Law. Since leaving school he has been engaged in ranching in Campbell and its environs. The family home is on Hamilton Ave.

Gomes has played an active part in both the civic and business development of Campbell and is interested in local affairs. He serves on the Board of Directors of the Campbell Co-operative Dryer and is also a member of the Campbell Union High School Board of Trustees.

Among other activities he is a member of the Kiwanis Club and is a past president of that organization. He is also a past president of the Campbell Chamber of Commerce.

The incorporation election will take place on Jan. 23. All registered voters living within the proposed incorporated area may vote. Campbell would be a city of the sixth class with a City Council composed of five members, serving without compensation, a paid City Clerk and a part-time paid City Treasurer.

COMMISSION MAKES TELEPHONE SURVEY

Preliminary survey of the growth trend and present need of telephones in California has been completed by engineers of the California Public Utilities Commission in connection with a statewide hearing to be held January 10 on the question of continuance of telephone priorities, Commission Courtroom, San Francisco, before Commissioner Ira H. Rowell.

All telephone companies are to participate in the hearing which is being held to determine whether the present system of priorities, previously on a nation-wide basis, should be continued on a statewide basis.

Because of California's surprising and continuous growth in population during the past few years the State has more than 330,000 unfilled telephone orders, sescond largest in the nation. The question of providing sufficient telephones in the light of shortages of material and equipment constitutes a serious problem according to Harold P. Huls, President of the California Utilities Commission. He said that the Commission will do everything within its power to aid in solving the problem of handling the telephone backlog .

In connection with its survey Commission engineers found that the Campbell exchange had 614 telephones in use in 1940 as compared to 1153 telephones in use during 1946.

California has more than 2,635,000 telephones in use which places it second in the nation for telephone usage. Telephones in use in California in 1940 totalled approximately 1,830,000.

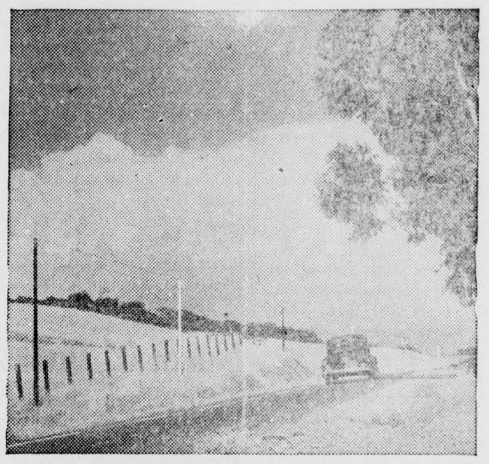
New steel telephone wires need fewer poles

Speeding telephone expansion in dozens of rural areas throughout the West, this new steel wire—developed by Bell Telephone Laboratories—is so strong the number of poles needed can be cut almost in half. This makes for far faster construction.



With other type wires, poles were generally placed less than 250 feet apart. Now, with the new steel wire, the distance can be extended to 400 feet or more. This is only one of many improvements now on the way. Rural users can expect fewer parties on their lines; fewer rings for other parties and the replacement of crank type telephones with modern instruments.

It all adds up to better service for the people who supply food for you and the world. And it's still another example of how, in our huge expansion program, we are working to provide a better, more far-reaching telephone service than ever before . . . so that the telephone steadily becomes more valuable to every user.

An ever-improving telephone service *at the least cost consistent with good wages and working conditions for our employees and a reasonable return to the thousands of people who have invested in the business.*

THE NEW MAN

The old man of sinful living and the new man of righteous living are described in Colossians, chapter 3, verses 5, 8-10, and 12-14: "Mortify your members which are upon the earth: fornication, uncleanness,' inordinate affection, evil concupiscence, and covetousness, which is idolatry," (verse 5) "But now ye also put off all these: anger ,wrath, malice, blasphemy, filthy communication out of your mouth. Lie not one to another, seeing that ye have put off the old man with his deeds; and have put on the new man, which is renewed in knowledge after the image of him that created him:" (verses 8-10) "Put on therefore, as the elect of God, holy and beloved, bowels of mercies, kindness, humbleness of mind, meekness, long-suffering; forbearing one another, and forgiving one another, if any man hav a quarrel against any: even as Christ forgave you, so also do ye. And above all these things put on charity, which is the bond of perfectness. (verses 12-14). We need to become children of God and then strive to put off the old man of sinful living and put on the new man of rigteous living because it is stated: "For which things' sake the wrath of God cometh on the children of disobedience." (verse 6).

JOB'S DAUGHTERS ENTERTAINED

Campbell Chapter, No. 553, Order of the Eastern Star, started its first meeting of the year Jan. 3 with a pot luck supper. It's guest were the Job's Daughters, and their mothers, from San Jose.

The Matron, Thelma Akers, and Patron, John Duncan, opened the meeting. They were honored by the presence of Leora McArthur, Deputy Grand Matron of the 41st District. She was given honors and seated in the East. Also honored were several Matrons from the district. Following a short business session the meeting was turned over to the Job Daughters, who exemplified their work, and initiated 15 candidates, among whom were two daughters of Virginia Currie, Junior Past Matron of Campbell Chapter.

The work was beautiful and impressive and the initiating team was letter perfect in their charges.

After the closing ceremony the members and guests went once more to the dining room for dessert.

Nothing artistically worth while was produced during the Nazi and Fascist regimes in Germany anr Italy, says a University of California art professor.

Following "State of the Union" last night, the next big dramatic event in San Jose will be the S. Hurok Original Ballet Russe with its company of 150 and symphony orchestra, which reaches the San Jose Civic Auditorium on Monday, Jan. 27, as the fourth event of the Concert Series. The original date of Feb. 3 has been set forward to Jan. 27, and tickets dated Feb. 3 are good on Jan. 27 only.

Program for this sensational ballet attraction includes the sumptuous "Scheherezade", never before given in San Jose, and one of the most voluptuously staged and magnificent of ballets. "Gradution Ball", "Les Sylphides" and "Pas de Deux" will complete the program. The great Markova and Dolin will be featured stars, with Eglevsky and many other of the greatest of the world's dancers.

California will receive $124,402.92 from the Federal Government in 1946 as aid in Wildlife Restoration.
